About Bradmer Pharmaceuticals Inc. (www.bradmerpharma.com)

Bradmer Pharmaceuticals is a biopharmaceutical company focused on the development and commercialization of new and innovative cancer therapies. Bradmer's lead clinical candidate, Neuradiab, was developed at Duke University Medical Center as a proprietary therapy for a particularly aggressive form of brain cancer, glioblastoma multiforme. To date, over US\$60 million in grants and related support has driven research and development of the licensed treatment, which has been delivered to over 200 patients with promising results and has completed Phase II clinical trials at Duke University. Bradmer is currently in the process of organizing a pivotal multi-center clinical trial of the licensed treatment. Neuradiab has been granted Orphan Drug Status by both the U.S. Food and Drug Administration and the European Medicines Agency.

Bradmer Pharmaceuticals Inc.'s common shares have not been registered under the Securities Act of 1933, as amended (the "Securities Act") or any state regulatory agency in the United States. The resale or transfer by a U.S. investor of such common shares of Bradmer Pharmaceuticals Inc. is subject to the requirements of Rule 904 of Regulation S of the Securities Act or such other applicable exemption thereunder, and other applicable state securities laws.

Except for historical information, this press release may contain forward-looking statements, which reflect the Company's current expectation regarding future events. These forward-looking statements involve risks and uncertainties, which may include but are not limited to, the receipt of all regulatory approvals required to conduct the proposed clinical trial of Neuradiab, changing market conditions, the successful and timely completion of clinical studies, the establishment of corporate alliances, the impact of competitive products and pricing, new product development, uncertainties related to the regulatory approval process and other risks detailed from time to time in the Company's ongoing quarterly and annual reporting.
